David,

Please update our permit to revise the closure to both blocks EVERY Sunday. Traffic study attached here. I will also send it to Mohammed Blorfroshan at mo.blorfroshan@lacity.org. Is this the correct email?

Hi David,

Thanks for this information.

What would it take to revise the closure to both blocks every Sunday? It's looking like this may actually be better for us and our operator, and would also make the traffic study & signage process simpler. We could order one traffic study for both blocks.

Hi David,

Just wanted to clarify some things that may have been confused between phone conversations and emails.

1. Traffic Study - We will order and email completed version to you and try to upload to the bss page (still having difficulties). **This has to be an approved Traffic Plan sent to Mohammed Blorfroshan.**

2. Permanent Signage - Has this already been ordered and how long does it take for installation? Or is this only ordered after traffic study completion? **I have the costs from last year. It has not been ordered yet.**

Hello Diana,

The cost estimate for the new signs after the expansion of the limits of the Farmer's Market on 5th St to its new location at Main St. is as following.

<u>Sign Type</u>	<u>Quantity</u>	<u>Unit Cost</u>	<u>Installation Cost</u>	<u>Total Cost</u>
W20-3 (Road Closed Ahead)	1	\$ 485.00	\$ 18.00	\$ 503.00
R3-2 (No Left Turn)	2	\$ 250.00	\$ 18.00	\$ 536.00
Parking Restriction signs	8	\$ 90.00	\$ 18.00	\$ 864.00
Total Estimated cost:				\$ 1,903.00

Note: The above total cost estimate is based on the quantity of signs indicated, if the number of signs changes, the total cost must be adjusted accordingly.

If you have any questions please feel free to contact me.

Thanks,

3. May we have a contact at Metro? Blair said last time she called to notify them and they were grateful as no one had alerted them to the changes to bus lines for the day.

David and Diana,

We are OK with the concept of closing 5th Street the additional block between Spring and Main St. However, since 5th Street is an arterial one-way street with 4 traffic lanes, we need to have the organizer submit traffic control plans for our review and approval. The approved plans will need to be attached to their permit as a condition of approval. The organizer will be required to set up the traffic control per the approved plan. I believe this was also required for their original permit.

In addition, we will need to install a new set of additional signs for the expanded closure. The cost estimate will be forthcoming shortly. Thank you.

Roy,

Diana,

I'm confused. I thought it was Aram that was having the issues not signs. And an FYI still no permit issued and they are still having the market every weekend. I wasn't told to go back to the original closure until this was resolved. I had left a message for Noah last week and have not heard back as of yet

On Wed, Aug 19, 2015 at 3:24 PM, Diana Yedoyan <diana.yedoyan@lacity.org> wrote:

I don't have the application actually. David do you by any chance have a copy of it or know where I can get it?

On Wed, Aug 19, 2015 at 12:55 PM, Roy Kim <roy.kim@lacity.org> wrote:

Hi Diana,

I do not recall receiving anything on this. Can you forward their application so that we can review?

Thank you.

Roy,

Hi Roy,

Just wanted to send a quick email to see if you knew anything about the request for the expansion of the Historic Core farmer's market in Downtown Los Angeles. I believe all departments have given the sign off except DOT. Just wanted to see if there were any issues because we really want to get them up and running.

Thanks
Diana
